Another record breaking year for the school with 85% of all students achieving 5 or more A*-C grades with English and Maths. We believe this may be the highest result for a non-selective, school in the South West and it is also very likely to be one of the top results in the country.

On top of this 90% of students gained 5 or more GCSEs at grade A*-C and 98% achieved at least 5 GCSEs. Every single student achieved at least one GCSE at grade C and above.
